DANIELSON AND PUTNAM NEWS

DANIELSON PUTNAM

At the carhouse in Danville a notice has been posted announcing an increase in pay for car crews. The new rates, effective May 1—next Saturday—give a minimum of 45 cents an hour and a maximum of 50 cents an hour. At present the rate of pay varies between 37 1/2 cents an hour and 42 1/2 cents an hour. In making the announcement of the advance, the company includes in the notice an expression of regret that conditions are such as to permit even a greater increase to the men.

It was stated here Wednesday that the senior rating men will be able to earn about \$12 a week under the new wage scale.

Officials of the Connecticut company made a visit to this section Wednesday, going over the line from the state line above North Groverndale to Central Village.

There is hope for improved service is indicated by the fact that the closed cars, which have become greatly dilapidated during the past year (and more), are being thoroughly hauled, repainted and put in good condition generally.

Joseph Hope, who has been superintendent of this division since last summer's strike and who has been in the road, before he went away. The men were particularly fond of Mr. Hope and are loud in their praise of the manner in which he maintained a cordially friendly relation with them at all times. George Kimmouth, a dispatcher at the Danville carhouse, also has gone away with Mr. Hope, and was presented a gift of money by the employees on the local line.

In connection with the purchase from Frederick A. Jacobs of the dwelling at the corner of Main and Academy streets for the School Street garage, which is operated by Clinton W. Atwood and Harold B. Atwood, it was stated Wednesday that the new owners have plans for the removal of the house and the cutting down of the bank on which it stands, so as to permit the erection of a modern concrete cement garage.

Blue prints for the new structure are being prepared and it is not expected that building operations will have to await more than a month before they are undertaken. It is hoped to have the new building completed not later than September 1.

Harold B. Atwood stated Wednesday that the new building, which will be a one-story structure with show rooms at the front, will cover about every inch of the lot on which it is to be built. This lot has a frontage of 57 feet on Main street and is 100 feet in depth.

Just what is to be done with the dwelling that now stands on the property had not been decided up to Wednesday. Whether it will be raised or removed to any site depends almost entirely on what arrangements can be made and whether there would be better financial advantage in relocating it or tearing it down.

The garage to be erected will be a substantial and attractively arranged business structure that will add materially to the appearance of the locality where it is to be placed.

The labor force at Goodyear, where a great amount of construction work is being started, is gaining rapidly. It was stated by a representative of the Hunken-Conkey company on Wednesday and several hundred men will be at work on the new building by the end of the month. The site for the new mill is being cleared of old buildings and other obstructions and the foundation and cement work will be underway within two weeks. The labor forces being required within all sections of southern New England, territories around Hartford, New Haven, Providence, Springfield and Boston being drawn upon to get together the big number of men needed to hasten the construction of the new plant through to completion.

The mill will be but one of several of importance going on at Goodyear during the spring and summer, and the company is planning to have the new plant almost as rapidly as they did the great army cantonments during the war. A smashing big effort is to be made to complete the construction program by September 1, when the new plant will be in operation.

Engineer Victor Smith of the Goodyear company's own construction forces is in charge of the building of the new plant. He is in charge of the construction of the dwellings that are to provide homes for several hundred additional residents of Goodyear. Delays in getting materials off the only likely handicaps to the building program are being overcome.

Because he took the registration plates off his touring car and used them on a small motor truck, Albert Lucibella, who lives on what is known as the Hammett farm on the Green Hollow road, was before Judge W. F. Woodward in the town court Wednesday morning and, having pleaded guilty to the charge against him, was fined \$10 and costs, a total of \$20.40, which he paid. Lucibella represented to the court that he was not familiar with the law.

Nearly 100 signatures have been obtained to a petition that will be presented to the Board of Selectmen and the Board of Aldermen asking that a charter be granted for establishing a lodge of the organization in Danielson. The petition bears the signatures of a number of Danielson's best known citizens.

There was great interest here Wednesday in the Bulletin's announcement of the morning that another industry, different in its nature than any now located in Killingly, desires to locate in this place. It is a fact that has been in touch with the representatives of the industry, say that it is just the kind that is needed to diversify Danielson's industrial activities. It would give employment to 100 men and would need a square foot of floor space. The nature of the work is such as to permit of paying a very high scale of wages to employees. Further than to state that the industry referred to is engaged in metal working, nothing may be given out for publication at this time.

The concern is already well established and has built up a fine business in the city in which it is located. The big attractions that have directed the eyes of the management of the business toward Danielson are lower power costs here, lack of labor troubles and the immediate vicinity and the fine shipping facilities that Danielson has to offer.

Such financing as may be necessary, and this is not important, can easily be arranged with local people. It was stated Wednesday on good authority that Vandalia have been breaking into the Center school. It was reported here that the matter is being investigated.

Rank's manufacturing concerns and others that have a heavy daily mail are meeting with difficulties in getting out the day's grist before the postoffice closes under the new arrangement of measuring time.

Flowing and other spring work of the farmers is two weeks behind what is the average for a normal season. It was stated Wednesday, and that it is due to the heavy recurring rainstorms, the loss of which came on Wednesday.

Cereaser Arthur G. Hill has taken the testimony of witnesses who were summoned in connection with the investigation of the death of Raymond Gage, the 18 year old Providence boy, who died of injuries received when the motor truck on which he was riding was struck by a

WESTMINSTER

A message from the officers of the American Board to all who are friends in any capacity with the list of the pastor's talk at the Sunday morning worship at Westminster. At the close of the regular service, a special meeting of the church members was held, at which Mrs. William E. Davis was elected clerk and treasurer for the church in place of Mrs. Columbus Smith, lately deceased.

In connection with the church school, preceding the morning worship, the secretary and treasurer, Elwood Hubbard, gave the delayed report for the first quarter of 1920.

Sunday morning next the sacrament of the Lord's supper will be observed at Westminster.

The topic for hour of prayer at home is: "How may we do our share as God's partners?"

Mrs. William Johnson and Minter Arthur Dusenberry have returned from New York.

Mrs. Mann Page has received word of the sudden death, caused by acute gastritis, of her stepfather, Alexander Henderson, 83, of New York, father of Mrs. Taylor Colony of New York. Mr. Henderson was born in Scotland, but had lived many years in New York, where his ashes will be interred after cremation. Mrs. Allen Moody, while yet ill, seems to have passed the crisis.

Mann Page of New York is spending a few days with his family at Rest-a-white farm.

A community meeting in the interest of the town's schools will be held by the state board of education at the Westminster Hill schoolhouse Thursday evening, April 29th, at 7:30 o'clock, for Westminster Hill and Raymond districts. The program will comprise demonstrations and music by the Westminster Hill pupils and teacher, and talks by members of the school board on School Buildings and Equipment and Free Text Books for Children. Supervisor A. W. Greer and Misses Hilda and Della, the teachers, are hoping that every one in these districts will attend and participate in the discussions suggested by the addresses and demonstrations.

The third fellowship meeting of the lately organized group of six churches—Eskonk, Canterbury Green, Central Village, Wauregan, Westminster and Brooklyn—was held Tuesday with the Central Village Congregational church at 8:45 a. m.

Mrs. A. J. Nash of Danville has returned home after a few days' visit with her sister, Mrs. William Davis. Mr. and Mrs. Nash have recently purchased the business place next the Galloway farm but do not expect to occupy it at present.

Mrs. Page and her daughter, Miss Merrill, Mr. Moody and Clarence Jocelyn were Norwich visitors last week.

In the announcement by Mrs. Mann Page of the engagement of her daughter, Miss Rita "Molly" M. Page, a typographical error was made in the date set for the wedding. It is Wednesday, June 2, 1920, at Westminster.

The burial of Mrs. George Thatcher of Central Village at the Plains last Sunday was attended by several from Westminster, where the Thatchers lived many years.

a night last week at the home of his parents here.

The report was that Mrs. E. L. Simmons was to move to Glenrock, but she has decided to remain on the farm in Uxbridge.

R. H. Barlow and family of West Kingston called on local relatives Sunday.

Waterbury.—Felix Scheff, the musical comedy star and prima donna, has arrived at Lake Hitchcock, where she will spend the week in making her property at the lake ready for summer occupancy. The prima donna has purchased another cottage which adjoins the three she already owns at the lake.

LEVITSKY—TROGER—In Norwich, April 28, 1920, by Rev. Paul F. Werth, Levitsky of 61 Oakridge street and Miss Annie Barbara Troger of Taftville.

IN MEMORY.

In sad but loving memory of our dear mother, who died April 29, 1919.

MARAH E. DAVIS.

In Packer cemetery lies our mother; Yes, we remember well; We watched beside your dying bed; To take our last farewell; With tearful eyes we watched you; And saw you pass away; Although we love you dearly; We could not make you stay; You are not forgotten, mother dear; Your memory will never fade; Our thoughts will ever linger; In Packer, where you are laid; CHILDREN AND GRANDCHILDREN.

USQUEPAUGH

Rev. G. H. Watt spoke at the church here Sunday afternoon at 3 o'clock. He is to preach next Sunday at the same time. Sunday school at 2 p. m.

Mrs. and Mrs. Calvin Peck of Providence spent Sunday with the former's parents, Mr. and Mrs. A. E. Peck.

Mr. and Mrs. J. S. Lamond entertained friends from Westerly Sunday.

Mr. Davis has taken the mail to drive to finish the four year contract which was taken by R. H. Moore nearly three years ago. Since that time there have been several different carriers, but as the pay was so small each carried it only a short time. Mr. Davis' contract is direct from the government for the expiration of the four years' term, with an increase of pay.

F. K. Randall and family of Kingston called on relatives here Sunday afternoon.

Amos H. Kenyon of Providence spent

COULD NOT BEGIN TO TELL ALL.

"I could not tell you all the benefits I had from the use of Foley's Honey and Tar," writes Miss Rose Florke, 205 Hawkins Ave., N. Braddock, Pa. "I had a cold in my chest and fearing it could cause pneumonia, I tried Foley's Honey and Tar, and it was not long till I felt relieved. I hope others suffering from severe colds will try it." Many such letters have been written about this time-tried, reliable family medicine for coughs, colds, croup and whooping cough. Lee & Osgood Co.

NOTICE
